

COVID-19 Field Precautionary Measures

Healics is dedicated to stopping the spread of COVID-19 and providing you peace of mind during your biometric screenings at the workplace.

- ✓ Examiners will wear face masks upon entering the workplace screening.
- ✓ Short Elliott Hendrickson request: Participants should not enter the office building if they feel sick or have any COVID-19 symptoms. A poster will be visible at the entrance indicating if the participant has any symptoms they should do the following:
 - Leave the premises immediately. Do not enter the building.
 - Call your supervisor, Safety Director and HR.
- ✓ Examiners will use sani-wipes to wipe down all surfaces used for the biometric screening prior to the start of the event and after the event.
- ✓ Any surfaces that become soiled during the event will be wiped down with sani-wipes.
- ✓ Blood drawing absorbent pads will be replaced after each participant.
- ✓ Tourniquets will be replaced after each participant.
- ✓ Blood pressure cuffs and tape measures will be wiped down after each participant with sani-wipes.
- ✓ Examiners will use hand sanitizer after each participant. Short Elliott Hendrickson requests the participant to use hand sanitizer before and after their screening.
- ✓ Examiners will only allow one participant at a time to enter the screening area.
- ✓ Participants are required to wear a face mask during their biometric screening. If a participant does not have their own mask, a mask will be provided to them by the screener completing their biometric screening. Screeners will be sanitizing all materials/equipment used in the process after each participant is screened.
